

## *Coastal WildScapes*

# *Life Traces of the Georgia Coast*

Evening Cocktails & Lecture with  
Dr. Tony Martin — Emory University  
**THURSDAY, MAY 10, 6pm – 7:30pm**

Love's Seafood, 6817 Chief Of Love Rd  
Savannah, GA 31419

Join us for an evening lecture with noted author and geologist Dr. Tony Martin. Martin is the author of several books on dinosaurs and evolution in addition to the book we will discuss tonight. *Life Traces of the Georgia Coast* reveals the unseen lives of plants and animals in the coastal environment. Books will be available for sale and signing. Appetizers and cocktails are available for purchase. This event is in partnership with the Ogeechee & Savannah Riverkeepers. **Cost: \$10 a person**
